Congratulations, you found the name I worked under. Pretty sure I mentioned that wasn't my real name.🙄 I am Ryan White in the suit. Did you think I was dumb enough to give you my real identity?
You have just publicity done your best to doxx me and expose myself and my family

to harm. You have even posted the names of people involved in murder, and other crimes, all in a effort to harm me and my family.
Ms. Attkisson suit was filed for a specific purpose, and it leads directly into my suit, then into Federal Felony Charges for everyone involved.

My background as well as my conscious is clean. I will expose this corruption once and for all, no matter how hard you and your group try to harm or silence me.
I will keep you in my prayers, and when the felonies start getting handed out, I will keep you in my thoughts😇

Judge Sullivan, This weekend, you, and the prosecutors in the General Flynn case, were given your orders by the people who paid to do so. And I know what they are. You were told to render your impartial decision 😳 and sentence General Flynn to at least 3 years suspending

all but 18 months. Why is 18 months the magic number? Because with "good behavior" General Flynn will serve a little over 1 year. And that is exactly what the Dems want. That will ensure that General Flynn will be nice and quiet throughout

Dear Judge Sullivan, It is with a "heavy heart" that I learned of your recent order against General Flynn and the rebuke of his counsel, Sidney Powell. As a judge you have been very critical in the past regarding "Brady violations" by prosecutors. This order is a complete

reversal of your previously held opinions. You sir, have very "weighty" issues upon your head. And to think, your aspirations of a "federal bench" were assured after being appointed by Ronald Reagan. Only to be derailed by that

In this so called "impeachment inquiry" Dems will continue throwing shit at the wall, hoping something sticks. If it does they'll trot out their secret"whistleblower" who happens to be a expert on exactly what finally stuck to the wall.

In the end, they will fail. Then they will collect their sound bites for the election cycle while at same time claiming President Trump "exerted pressure" and "abused his power" Therefore the impeachment investigation was tainted. Allowing them to try again, and again.

("Ex parte" is Latin for "from." An ex parte communication is one coming from only one party, not providing any notice to the other party. Basically the opposite of a letter copied to opposing counsel, filed publicly, and served via the electronic filing system.)

It is quite literally impossible to overstate how fantastically dumb Ty Beard's "ex parte" characterization is To any minimally competent attorney, it screams "this guy doesn't know what he's doing"

The motion is weak and the basis is LOLable, but my suspicion is that the judge will grant it (though likely for less than 3 weeks) Defendants will argue the burden is on Plaintiff to show good cause (the motion doesn't do that), plus ongoing harassment

Positive for the Defendants. He gives their attorneys lots of usable material

A good rule of thumb as y'all see an assortment of "bUt ThEy
